Warsaw, IN (June 24, 2009) --- Jennifer Griffith, Nurse Practitioner at the Vein Institute & Medical Spa, LLC ranks second in the areas of Indiana and western Kentucky for providing Radiesse®, a non-surgical dermal filler procedure. Griffith serves men and women in the tri-state area with non-surgical cosmetic procedures.

Opening in 2008, Griffith recently ranked second in the territory for providing the Radiesse treatment that stimulates the body to produce new collagen. The procedure is ideal for correcting the signs of aging or adding natural contours to the face without invasive surgery.

“Helping women restore a healthy, youthful appearance, enhance their existing features and increase their confidence without invasive surgery is very rewarding to me. I am honored that many patients in the area trust me as their provider,” said Griffith.

To learn more about Radiesse, call the Vein Institute & Medical Spa at 574.267.1900. Or, locate further information at [www.veinmedicalspa.com](http://www.veinmedicalspa.com).
